New England Mutual Life Ins.,
 Of Boston, Mass., Chartered in 1843.

Capital and accumulation, \$650,000.
 This Company is one of the oldest, and among the most prudently and successfully conducted in the country.

The primary object in conducting this business has been to provide perfectly secure under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be particularly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Highly Important to Farmers.
 THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST.

THE MADISON MUTUAL,
 LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, including to farmers, household furniture, grain in barns, live stock, &c., &c., and insures at lower rates than any other responsible company.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less valuable than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, barns, mills, shops and such like property. In this company all such property is rejected positively, by LETTER THEM ALONE.

Furnish to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not made up our mind to do so, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

Capital and accumulation, \$650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be peculiarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Highly Important to Farmers.
THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST.

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, including to farmers, household furniture, grain in barns, live stock, etc., at the lowest rates of premium.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

Highly Important to Farmers.
THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,
LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, including barns, household furniture, grain in barns, live stock, etc., at the lowest rates of premium, and under the most favorable conditions.

All losses promptly paid at the office as soon as proof is made.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently they will have no losses unless their own carelessness, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assume our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

E. C. SMITH,
S. W. ABBOTT,
JOHN HOWE,
Committee.

Oct. 4th, 1854.

Mr. Washburn, our candidate for congress, and S. P. Chase, U. S. senator from Ohio, are to be in Madison, next Wednesday, and attend the republican county convention then to be held. Each will address the people. We do not know whether arrangements have been made to procure their attendance here on Thursday, at the convention to be held that day. If no such arrangements have been made, they ought to be at once.

A REVELATION.—For a week or two the following letters have been going the rounds of our exchanges, being originally published by the Columbus Journal. As there has been no denial of their genuineness, and they have somehow come to the public, we publish them for the information of our readers:

[No. 1.] WASHINGTON, March 4, 1854.
"I admit that the Nebraska bill is an unfortunate affair for the democracy of the north. It may be changed so that I can vote for it."
E. B. OLDS.

[No. 2.] WASHINGTON, May 27, 1854.
"It is now morally certain that the Nebraska bill will pass. I am in a position to ask a favor for a friend. How would you like a judgeship? This is a private matter between you and I, and no one need be the wiser."
E. B. OLDS.

Mr. Olds was a highly useful friend of the bill on its passage through the house of representatives, occupying the chair when it was considered in committee of the whole. The letter No. 2, reveals the way in which one member at least was converted from an enemy to a friend, and confirms a prevalent belief as to the manner in which the general sentiment of the country was outraged and the reality of congressional made subservient to the ambitious projects of presidential aspirants.

Such a record as this of Dr. Olds is a better revelation of the character of the Nebraska bill than the speeches of Douglas or the "popular sovereignty" sophisms of his friends. The bill was brought through congress, and many of its defenders before the people are bought stipendiaries of the administration.

The assessed valuation of Kenosha county was \$1,444,748, and was "equalized" up by the state board about one-third. The ratio of state tax on the assessment is 5 1/2 mills, and the amount to be raised is \$7,676.52.

Dr. Nichols, one of the Polk and Dallas electors, is on the democratic committee for Green county. A convention to nominate a county ticket is called on Saturday the 21st inst.

The following are the resolutions of the Mukwanago convention, which nominated Mr. Wells for congress. They are very properly characterized by a correspondent of the Wisconsin, who says they "express nothing."

Resolved, That we regard slavery as an evil, whose extension should be checked by all constitutional means.

Resolved, That we regard popular sovereignty as the fundamental principle of the republic, as a great democratic principle, and the only true basis upon which the best interests of freedom can be secured constitutionally and permanently.

Resolved, That the democratic party know no north and no south, but the union, no birth-place and no particular religion, but the man; and that every attempt to disfranchise a part of the people on account of their birth or religious opinions, will meet the universal condemnation of the democracy, as such an illiberal, unconstitutional, anti-American and anti-democratic movement justly deserves.

Resolved, That we regard the public lands as the national domain, to be for no speculative purposes, but reserved for the access of the people for occupancy and cultivation.

INTERESTING.—The Chicago Tribune of yesterday morning came to us with the inside blank. This mode of printing shows the quality of the white paper, but is not very useful in imparting other information. We supposed we should get the loco-foco nomination for congress in the Chicago district by this number of the Tribune, but must now wait and look elsewhere.

The National Era well says that should Kansas become a free state, through the influence of free emigration, it can be attributed to the Nebraska bill with as much propriety as the independence of these states can be to the stamp act, tea tax, and Boston port bill.

HARPER'S NEW MONTHLY MAGAZINE for October is received at Sutherland's. Some of the most interesting periods in the life of Napoleon Bonaparte are illustrated in its leading article, by Abbott. The Newcomes, by Thackeray, and a great variety of other sterling articles grace its pages. There is no magazine published that has more admirers than Harper's.

The democrats of the town of Green Bay, at their late caucus resolved against the know nothings, "as the greatest enemies of our freedom, happiness and brotherly love," and that they would never vote "for any who has a shadow of know nothingism." This is following up the lead of the administration at Washington. That delectable concern having used itself up and broken down the democratic party, now proposes a fight with a new comer into the political arena. It reasonably concludes it can lose nothing in any contingency, and in a battle with the "nothings" contends with something bearing the name of which itself is the substance.

ERIE AND KALAMAZOO RAILROAD BANK.—We learn that day before yesterday a telegraphic despatch was received in Milwaukee that this bank had been enjoined, though by whom or for what cause was not stated. As a consequence of this information, its notes were yesterday refused by our banks and business men. We also learn that within the last three weeks, the bank has redeemed over \$300,000 of its issues, and thus far had manifested both a disposition and ability to redeem its obligations to the people. Under these circumstances, bill holders had better wait further information before sacrificing the bills in their possession.

CORRECTION.—An error was made in the call of the whig county convention as to the hour of meeting, which until now has escaped our notice. The time of meeting should have been 1 o'clock, P. M.

The new stock of goods now arriving for S. C. Spaulding is the largest and best ever received by him, and really it is a most creditable evidence of the business of the town.

Such goods as he has for some years brought here would not of course have been purchased if he did not sell them, and the fact that he constantly enlarges his stock and adds a richer style and better quality of articles, shows the increased demand in his trade. And what is better is that no one is more worthy of prosperity than Mr. Spaulding.

A telegraphic despatch from New York, dated the 5th, says:

KNOW NOTHING CONVENTION.—A body of 700 delegates, said to be know nothings, assembled in Odd Fellows hall yesterday. The convention is a secret one and sits with closed doors.

The Post of this afternoon states that all the candidates for governor are objectionable to the know nothings.

Merchandise for Janesville arrived in Milwaukee on the 3d inst., for P. W. Dickey, Cooley & Babcock, Conrad & Co., V. Jovanneault, McKee & Bro., and Farwell & Bro.

A KNOW-NOTHING TICKET.—The conductor's return ticket on the railroad from the state fair Thursday night was a blank piece of white paper. Common report makes this kind of paper notify a meeting of the order of know-nothings. Whether or no the invisible fraternity were in session, we can't tell, but the tickets "passed."

NEW POST OFFICE.—A new post office has been established at Dayton, Green Co., and James Harvey is appointed post master.

George B. Ely, lectures Monday evening before the Collegiate Institute. Subject, "The true source of the beautiful."

The Kenosha Telegraph says that it is informed that a man was literally devoured by hogs near that city while lying in the road, in a state of beastly intoxication. His bones and a few remnants of clothing, only, were found.

What a terrible commentary upon drunkenness.

Samuel G. Abbott and William Reese are republican assembly candidates for Dane county.

ATTACK ON SEBASTOPOL.—A magnificent scene is about to be enacted, such as has never been exhibited in modern warfare. The siege of Sebastopol has by this time commenced. Seventy-four thousand men are drawn up before the fortress, the flower of the English the French and the Turkish army, combining martial strength, and provided with warlike material, such as was never concentrated upon a single stronghold. The defensive force of the fortress amounts to at least as many men, reckoning both the garrison and the army in the field, and is so situated that reinforcements may easily be thrown upon it from different quarters.

It seems to have been generally anticipated that the landing of the troops would take place about the 10th of the present month, and that it would be followed by a sharp battle. The troops, of course, would land under cover of the guns of the men-of-war, which include not less than thirty ships-of-the-line and sixty steam-frigates. The ships would also be engaged at the same time in preventing the Russian men-of-war from leaving the harbor. The allied troops are inspired with the greatest ardor, and are represented to be in excellent health. They accomplished the difficult operation of embarking with great success, and it is very evident that if the expedition does not succeed, it will not be owing to any want of spirit on the part of the soldiers. The only positive disadvantage the allied forces labor under is the lateness of the season. The time for active operations before the closing in of winter will be so short that there can be little hope of any decisive result except by a coup de main; and the success of this mode of attack can never be calculated upon with any certainty. The ships will not be able to approach the fortress near enough to take any effective part in the attack, and therefore the operations of the land forces will hereafter engross our interest. The inhabitants of the Crimea are chiefly of Tartar origin, and the peninsula was acquired by conquest from Turkey, and will not lend Russia any effective aid.

If Sebastopol is taken, one of the most important of the conditions of peace named by the allies will have been secured—the opening of the Black sea to the commerce of the world—for with Sebastopol will fall the only real key of the Euxine. It is with this consideration that the allies have resolved to concentrate upon it all their available force, and to stake the result of the present campaign upon the issue of an attack. There is yet not the least indication of a falling spirit upon the part of the czar. The order to reduce Odessa to ashes rather than to let it fall into the hands of the enemy, shows a determination to maintain the struggle at every cost. But on the other hand, time is only more closely cementing the alliance between England and France. The late meeting between prince Albert and Napoleon at Boulogne, showed a mutual cordiality of feeling strikingly significant of the cordial extent between the two leading nations of Europe.—The war will move on, and with far greater energy than ever. Happy indeed is our republic that it is a spectator and not an actor.—*Cour. & Enquirer.*

THE ORIGIN OF THE NEBRASKA BILL REPEALING THE MISSOURI COMPROMISE.—We are informed by a gentleman from Platte that Davy Atchison has been on a "bust," and made a speech in which he gave a history of the origin of the Nebraska swindle, by which the Missouri compromise was repealed. He claimed it as his own work, and said that Douglas did not originate it—that as soon as he reached Washington at the commencement of the last session of congress he determined to have the Missouri compromise repealed, and that he told Mr. Douglas he must bring in a bill to repeal it, or else resign his position at the head of the committee on territories, and that he (Atchison) would resign his place as president of the senate and have himself placed on the committee of territories for the purpose of reporting such a bill as he desired. He said further, that Mr. Douglas requested to be allowed a short time to reflect upon the subject, and that at the end of the time Douglas consented to report the bill—but that when he made his report it was not satisfactory because the Missouri compromise was not repealed in direct terms, but only constructively repealed, and that he insisted upon having the repeal made direct and unequivocal, which was done—"in vino est veritas."—*Missouri Democrat.*

N. Y. POLITICS.—The state central committee of the N. Y. "hards," met at Albany, on Thursday evening last. They agreed on an address, and committees to organize the various counties, and adjourned.

No proposal for a fusion was received from the "softs," whose central committee was in session when the "hards" adjourned. The soft committee waited on Governor Seymour.

He said, that in view of the character of the whig nomination, he would withdraw his declension.

Waiving all personal considerations, he accepted the issue tendered by our opponents. He submits the question to the people.—Nothing else has been made public.—*Free Democrat.*

JUDGE TRUMBULL.—A Springfield paper says: "The speech of Judge Trumbull, at Belleville, has come upon the faithful here 'like a clap of thunder in a clear sky.' What! Trumbull, the distinguished defender of Southern Illinois, taking anti-Nebraska ground, and hurling truth, argument and defiance in the teeth of Senator Douglas? This news reached the city three hours before the arrival of Senator Douglas, and threw a damper, seen and felt, on all his friends. It was the death-blow to their hopes in Bissell's district. The Germans in St. Clair—who love freedom, and have left Europe and despotism to enjoy and assist in sustaining the rights of man here—are all with Trumbull—all, a man; and St. Clair will show her 3,000 majority for the man who carries the anti-Nebraska standard in that district in the present campaign. There is no salvation for Nebraskaism in Bissell's district now. The story is told."

HALLUCINATIONS OF GREAT MEN.—Spinello, who had painted the fall of the angels, thought that he was haunted by the faithful devils he had depicted. He was rendered so miserable by this hallucination, that he destroyed himself. One of our own artists, who was much engaged in painting caricatures, became haunted by the distorted faces he drew; and the deep melancholy and terror which accompanied these apparitions, caused him to commit suicide. Miller, who executed the copper-plate of the sixtine Madonna, had more lovely visions. Towards the close of his life, the virgin appeared to him, and thanking him for the affection he had shown towards her, invited him to follow her to heaven. To achieve this, the artist starved himself to death. Beethoven, who became completely deaf in the decline of life, often heard his sublime compositions performed distinctly. It is related of Ben Jonson, that he spent the whole of one night in regarding his great toe, around which he saw Tartars, Turks, Romans and Catholics, climbing up and fighting. Goethe, when out riding one day, was surprised to see an exact image of himself on horseback, dressed in a light colored coat, riding towards him.—*Radcliffe's Ghosts, Sprites and Witches.*

MEMORANDA FOR CAREFUL WRITERS.—Always spell Kansas with a z, and Minnesota with a double n. Cincinnati has only one s. Never spell Santa Ana with more than one s in the last name. Do not make a mistake apiece in spelling bouquet and sobriquet. Recollect that employs has but one e at the end, and that be accented, unless you mean an employed woman, when it should be spelled with a double z, the first one accented. Never call a social party in the evening a levee, for the essence of that word is something that takes place in the morning, it being the correlative term to soiree. Never write depot, when you mean railroad station.—Never say east when you mean west, nor leeward when you mean windward. The best way to avoid many inaccuracies, is one that has many other advantages, viz: never to use a foreign word when there is a good English one that will express your idea; and among English words those of Saxon origin are often better than Latin, Greek, or French.—*Baltimore Advertiser.*

The fair grounds are thronged to-day, and the show of live-stock is remarkably fine. There is also a good display of agricultural implements, of cutlery and cabinet ware. We have not time to enumerate the various articles, but we advise everybody to attend and examine for himself. The military are out in their glory, and will parade for public inspection at 2 o'clock this afternoon. The weather is propitious, everybody is good-natured, and all seem disposed to improve the exhibition to the best purpose.—*Free Dem.*

The eighth political party in the state of New York has held its convention. The liberty party, under the head of Gerrit Smith nominated on Thursday, William Goodall of New York for governor, Austin Ward, of Oneida, lieutenant governor; John C. Harrington, of Oswego, for territorial commissioner, and Wm. Sharpscott, prison inspector.

ASHLAND.—A writer in the Cincinnati Gazette speaks of a visit to what was once the residence of the great Clay: "We were not prepared to find the dwelling totally demolished; but all that remained of it was a part of a brick wall, which had once served to divide the parlor from the library, and upon this some half dozen men were at work with crow-bar and pickaxe, leveling it to the ground. All, therefore, that remains of the old residence of the statesman is a pile of bricks and rubbish. We were told that the present proprietor of the estate—a son of Henry Clay—is about to erect on the site of the old dwelling a new edifice of its exact form and character."

E. C. SMITH,
S. W. ABBOTT,
JOHN HOWE,
Committee.

Oct. 4th, 1854.

Mr. Washburn, our candidate for congress, and S. P. Chase, U. S. senator from Ohio, are to be in Madison, next Wednesday, and attend the republican county convention then to be held. Each will address the people. We do not know whether arrangements have been made to procure their attendance here on Thursday, at the convention to be held that day. If no such arrangements have been made, they ought to be at once.

A REVELATION.—For a week or two the following letters have been going the rounds of our exchanges, being originally published by the Columbus Journal. As there has been no denial of their genuineness, and they have somehow come to the public, we publish them for the information of our readers:

[No. 1.] WASHINGTON, March 4, 1854.
"I admit that the Nebraska bill is an unfortunate affair for the democracy of the north. It may be changed so that I can vote for it."
E. B. OLDS.

[No. 2.] WASHINGTON, May 27, 1854.
"It is now morally certain that the Nebraska bill will pass. I am in a position to ask a favor for a friend. How would you like a judgeship? This is a private matter between you and I, and no one need be the wiser."
E. B. OLDS.

Mr. Olds was a highly useful friend of the bill on its passage through the house of representatives, occupying the chair when it was considered in committee of the whole. The letter No. 2, reveals the way in which one member at least was converted from an enemy to a friend, and confirms a prevalent belief as to the manner in which the general sentiment of the country was outraged and the reality of congressional made subservient to the ambitious projects of presidential aspirants.

Such a record as this of Dr. Olds is a better revelation of the character of the Nebraska bill than the speeches of Douglas or the "popular sovereignty" sophisms of his friends. The bill was bought through congress, and many of its defenders before the people are bought stipendiaries of the administration.

The assessed valuation of Kenosha county was \$1,444,748, and was "equalized" up by the state board of one-third. The ratio of state tax on the assessment is 54 mills, and the amount to be raised is \$7,670,521.

Dr. Nichols, one of the Polk and Dallas electors, is on the democratic committee for Green county. A convention to nominate a county ticket is called on Saturday the 21st inst.

The following are the resolutions of the Mukwanago convention, which nominated Mr. Wells for congress. They are very properly characterized by a correspondent of the Wisconsin, who says they "express nothing."

Resolved, That we regard slavery as an evil, whose extension should be checked by all constitutional means.

Resolved, That we regard popular sovereignty as the fundamental principle of the republic, as a great democratic principle, and the only true basis upon which the best interests of freedom can be secured constitutionally and permanently.

Resolved, That the democratic party know no north and no south but the union, no birthplace and no particular religion, but the man; and that every attempt to disfranchise a part of the people on account of their birth or religious opinions, will meet the universal condemnation of the democracy, as such an illiberal, unconstitutional, anti-American and anti-democratic movement justly deserves.

Resolved, That we regard the public lands as the national domain, to be for no speculative purposes, but reserved for the access of the people for occupancy and cultivation.

INTERESTING.—The Chicago Tribune of yesterday morning came to us with the inside blank. This mode of printing shows the quality of the white paper, but is not very useful in imparting other information. We supposed we should get the loco-foco nomination for congress in the Chicago district by this number of the Tribune, but must now wait and look elsewhere.

The National Era well says that should Kansas become a free state, through the influence of free emigration, it can be attributed to the Nebraska bill with as much propriety as the independence of these states can be to the stamp act, tea tax, and Boston port bill.

HARPER'S NEW MONTHLY MAGAZINE for October is received at Sunderland's. Some of the most interesting periods in the life of Napoleon Bonaparte are illustrated in its leading article, by Abbott. The Newcomers, by Thackeray, and a great variety of other sterling articles grace its pages. There is no magazine published that has more admirers than Harper's.

The democrats of the town of Green Bay, at their late caucus resolved against the know nothings, "as the greatest enemies of our freedom, happiness and brotherly love," and that they would never vote "for any who has a shadow of know nothingism." This is following up the lead of the administration at Washington. That detectable concern having used itself up and broken down the democratic party, now proposes a fight with a new comer into the political arena. It reasonably concludes it can lose nothing in any contingency, and in a battle with the "nothings" contends with something bearing the name of which itself is the substance.

ERIE AND KALAMAZOO RAILROAD BANK.—We learn that day before yesterday a telegraphic despatch was received in Milwaukee that this bank had been enjoined, though by whom or for what cause was not stated. As a consequence of this information, its notes were yesterday refused by our banks and business men. We also learn that within the last three weeks, the bank has redeemed over \$300,000 of its issues, and thus far had manifested both a disposition and ability to redeem its obligations to the people. Under these circumstances, bill holders had better wait further information before sacrificing the bills in their possession.

CORRECTION.—An error was made in the call of the whig county convention as to the hour of meeting, which until now has escaped our notice. The time of meeting should have been 1 o'clock, P. M.

The new stock of goods now arriving for S. C. Spaulding is the largest and best ever received by him, and really it is a most creditable evidence of the business of the town.

Such goods as he has for some years brought here would not of course have been purchased if he did not sell them, and the fact that he constantly enlarges his stock and adds a richer style and better quality of articles, shows the increased demand in his trade. And what is better is that no one is more worthy of prosperity than Mr. Spaulding.

A telegraphic despatch from New York, dated the 5th, says:

KNOW NOTHING CONVENTION.—A body of 700 delegates, said to be know nothings, assembled in Odd Fellows hall yesterday. The convention is a secret one and sits with closed doors.

The Post of this afternoon states that all the candidates for governor are objectionable to the know nothings.

Merchandise for Janesville arrived in Milwaukee on the 3d inst., for P. W. Dickey, Cooley & Babcock, Conrad & Co., V. Jouanneau, McKoy & Bro., and Farwell & Bro.

A KNOW-NOTHING TICKET.—The conductor's return ticket on the railroad from the state fair Thursday night was a blank piece of white paper. Common report makes this kind of paper notify a meeting of the order of know-nothings. Whether or no the invisible fraternity were in session, we can't tell, but the tickets "passed."

NEW POST OFFICE.—A new post office has been established at Dayton, Green Co., and James Harvey is appointed post master.

George B. Ely, lectures Monday evening before the Collegiate Institute. Subject, "The true source of the beautiful."

The Kenosha Telegraph says that it is informed that a man was literally devoured by hogs near that city while lying in the road, in a state of beastly intoxication. His bones and a few remnants of clothing, only, were found.

What a terrible commentary upon drunkenness.

Samuel G. Abbott and William Reese are republican assembly candidates for Dane county.

ATTACK ON SEBASTOPOL.—A magnificent scene is about to be enacted, such as has never been exhibited in modern warfare. The siege of Sebastopol has by this time commenced. Seventy-four thousand men are drawn up before the fortress, the flower of the English, the French and the Turkish army, combining martial strength, and provided with warlike material, such as was never concentrated upon a single stronghold. The defensive force of the fortress amounts to at least as many men, reckoning both the garrison and the army in the field, and is so situated that reinforcements may easily be thrown upon it from different quarters. It seems to have been generally anticipated that the landing of the troops would take place about the 10th of the present month, and that it would be followed by a sharp battle. The troops, of course, would land under cover of the guns of the men-of-war, which include not less than thirty ships-of-the-line and sixty steam-frigates. The ships would also be engaged at the same time in preventing the Russian men-of-war from leaving the harbor. The allied troops are inspired with the greatest ardor, and are represented to be in excellent health. They accomplished the difficult operation of embarking with great success, and it is very evident that if the expedition does not succeed, it will not be owing to any want of spirit on the part of the soldiers. The only positive disadvantage the allied forces labor under is the lateness of the season. The time for active operations before the closing in of winter will be so short that there can be little hope of any decisive result except by a coup de main; and the success of this mode of attack can never be calculated upon with any certainty. The ships will not be able to approach the fortress near enough to take any effective part in the attack, and therefore the operations of the land forces will hereafter engross our interest. The inhabitants of the Crimea are chiefly of Tartar origin, and the peninsula was acquired by conquest from Turkey, and will not need Russia any effective aid.

If Sebastopol is taken, one of the most important of the conditions of peace named by the allies will have been secured—the opening of the Black sea to the commerce of the world—for with Sebastopol will fall the only real key of the Euxine. It is with this consideration that the allies have resolved to concentrate upon it all their available force, and to stake the result of the present campaign upon the issue of an attack. There is yet not the least indication of the success of the allies.

The order to reduce Odessa to ashes rather than to let it fall into the hands of the enemy, shows a determination to maintain the struggle at every cost. But on the other hand, time is only more closely cementing the alliance between England and France. The late meeting between Prince Albert and Napoleon at Boulogne, showed a mutual cordiality of feeling strikingly significant of the cordial attitude between the two leading nations of Europe.—The war will move on, and with far greater energy than ever. Happy indeed is our republic that it is a spectator and not an actor.—*Cour. & Enquirer.*

THE ORIGIN OF THE NEBRASKA BILL REPEALING THE MISSOURI COMPROMISE.—We are informed by a gentleman from Platte that Davy Atchison has been on a "bust," and made a speech in which he gave a history of the origin of the Nebraska swindle, by which the Missouri compromise was repealed. He claimed it as his own work, and said that Douglas did not originate it—that as soon as he reached Washington at the commencement of the last session of congress he determined to have the Missouri compromise repealed, and that he told Mr. Douglas he must bring in a bill to repeal it, or else resign his position at the head of the committee on territories, and that he (Atchison) would resign his place as president of the senate and have himself placed on the committee of territories for the purpose of reporting such a bill as he desired. He said further, that Mr. Douglas requested to be allowed a short time to reflect upon the subject, and that at the end of the time Douglas consented to report the bill—but that when he made his report it was not satisfactory because the Missouri compromise was not repealed in direct terms, but only constructively repealed, and that he insisted upon having the repeal made direct and unequivocal, which was done—"in vino est veritas."—*Missouri Democrat.*

N. Y. POLITICS.—The state central committee of the N. Y. "hards," met at Albany, on Thursday evening last. They agreed on an address, and committees to organize the various counties, and adjourned.

No proposal for a fusion was received from the "softs," whose central committee was in session when the "hards" adjourned.

The soft committee waited on Governor Seymour.

He said, that in view of the character of the whig nomination, he would withdraw his declaration.

Waiving all personal considerations, he accepted the issue tendered by our opponents.

He submits the question to the people.—Nothing else has been made public.—*Free Democrat.*

JUDGE TRUMBULL.—A Springfield paper says: "The speech of Judge Trumbull, at Bolleville, has come upon the faithful here like a clap of thunder in a clear sky." What! Trumbull, the distinguished democrat, denouncing Illinois, taking anti-Nebraska ground, and hurling truth, argument and defiance in the teeth of Senator Douglas? This news reached the city three hours before the arrival of Senator Douglas, and drew a damper, seen and felt, on all his friends. It was the death-blow to their hopes in Bissell's district. The Germans in St. Clair—who love freedom, and have left Europe and despotism to enjoy and assist in sustaining the rights of man here—are all with Trumbull—all, to a man; and St. Clair will show her 3,000 majority for the man who carries the anti-Nebraska standard in that district in the present campaign. There is no salvation for Nebraskaism in Bissell's district now. The story is told."

HALLUCINATIONS OF GREAT MEN.—Spinoza, who had painted the full of the angels, thought that he was haunted by the frightful devils he had depicted. He was rendered so miserable by this hallucination, that he destroyed himself. One of our own artists, who was much engaged in painting caricatures, became haunted by the distorted faces he drew; and the deep melancholy and terror which accompanied these apparitions, caused him to commit suicide. Miller, who executed the copper-plate of the sixteenth Madonna, had more lovely visions. Towards the close of his life, the virgin appeared to him and thanking him for the affection he had shown towards her, invited him to follow her to heaven. To achieve this, the artist starved himself to death. Beethoven, who became completely deaf in the decline of life, often heard his sublime compositions performed distinctly. It is related of Ben Jonson, that he spent the whole of one night in regarding his great toe, around which he saw Tarsus, Turcs, Romans and Catholics, climbing up and fighting. Goethe, when out riding one day, was surprised to see an exact image of himself on horseback, dressed in a light colored coat, riding towards him.—*Radcliffe's Ghosts, Spirits and Witches.*

MEMORANDA FOR CAREFUL WRITERS.—Always spell Kansas with a z, and Minnesota with a double a. Cincinnati has only one i. Never spell Santa Ana with more than one n in the last name. Do not make a mistake in spelling bouquet and sobriquet. Recollect that employe has but one e at the end, and that be accented, unless you mean an employed woman, when it should be spelled with a double e, the first one accented. Never call a social party in the evening a levee, for the essence of that word is something that takes place in the morning, it being the correlative term to soiree. Never write depot, when you mean railroad station.—Never say east when you mean west, nor leeward when you mean windward. The best way to avoid many inaccuracies, is one that has many other advantages, viz: never to use a foreign word when there is a good English one that will express your idea; and among English words those of Saxon origin are often better than Latin, Greek, or French.—*Baltimore Advertiser.*

The fair grounds are thronged to-day, and the show of live-stock is remarkably fine. There is also a good display of agricultural implements, of cutlery and cabinet ware. We have not time to enumerate the various articles, but we advise everybody to attend and examine for himself. The military are out in their glory, and will parade for public inspection at 2 o'clock this afternoon. The weather is propitious, everybody is good-natured, and all seem disposed to improve the exhibition to the best purpose.—*Free Dem.*

The eighth political party in the state of New York has held its convention. The Liberty party, under the head of Gerrit Smith nominated on Thursday, William Goodall of New York for governor, Austin Ward, of Oneida, lieutenant governor; John C. Harrington, of Oswego, for canal commissioner, and Wm. Sharcroft, prison inspector.

ASHLAND.—A writer in the Cincinnati Gazette speaks of a visit to what was once the residence of the great Clay.

"We were not prepared to find the dwelling totally demolished; but all that remained of it was a part of a brick wall, which had once served to divide the parlor from the library, and upon this some half dozen men were at work with crow-bar and pickaxe, leveling it to the ground. All, therefore, that remains of the old homestead of the statesman is a pile of bricks and rubbish. We were told that the present proprietor of the estate—a son of Henry Clay—is about to erect on the site of the old dwelling a new edifice of its exact form and character."

The Daily Gazette. JANEVILLE : : : WISCONSIN. SATURDAY MORNING, OCT. 7, 1854. FOR CONGRESS—FIRST DISTRICT. WYMAN SPOONER, SECOND DISTRICT. C. C. WASHBURN. THIRD DISTRICT. CHARLES BILLINGHURST. ROCK COUNTY REPUBLICAN CONVENTION.

The electors of Rock County who are determined to support no man for office who is not positively and fully committed to the support of the principles announced in the "Republican Platform" adopted at Madison on the 18th of July last, and whose personal character, political associations and private conduct, do not afford a guarantee that he is reliable, are invited to meet in their respective townships or wards at the place of holding the last township or ward election, on Thursday, 10th day of October next, at 2 o'clock P. M., for the purpose of effecting a thorough organization of the Republican party in their towns or wards, and of appointing delegates to a county convention hereby called at the Court House in Janesville, on THURSDAY, the 12th day of October next, at 2 o'clock P. M., to nominate a county ticket.

The towns and wards will be entitled to representation in the county convention as follows:—to wit: Avon, 1; Beloit, 1; Bradford, 1; Clinton, 1; Fulton, 1; Harmony, 1; Lima, 1; Johnson, 1; La Prairie, 1; Janesville, town, 1; Turtle, 1.

17th SENATORIAL DISTRICT CONVENTION. At the same time and place above designated in the respective towns and wards for meetings, to choose delegates to the county convention, the Republican electors of the wards of the city of Janesville, and of the towns in this county comprised in the 17th senatorial district, are requested to select an equal number of delegates to the county convention, to represent them in a senatorial convention hereby called at the Court House in Janesville, on THURSDAY, the 12th day of October next, at 11 o'clock, A. M., to nominate a candidate for senator.

By order of the County Committee. Rock County Whig Convention. The whigs of Rock County who are willing to be known as men who have not lost their identity with the party, ("their personal character, political associations and private conduct," being vouchsafed for, inasmuch as they are whigs) are requested to meet at their respective places of holding their elections, on Tuesday, Oct. 10th inst., at 2 o'clock P. M., for the purpose of appointing delegates to a whig county convention, hereby called at the Court House in Janesville, on the 14th day of Oct. inst., at 1 o'clock P. M., to nominate a whig county ticket.

By order of the County Committee. Assembly Convention—4th District. The Republicans of the Assembly District composed of the towns of Spring Valley, Newark, Avon, Magnolia, Plymouth, Union and Porter, are requested to meet in their respective towns on the 10th inst., and appoint the usual number of delegates to a convention to meet at the school house at SPRING VALLEY CORNERS, on SATURDAY, the 25th inst., at 1 o'clock, P. M., to nominate a candidate for the Assembly.

Mr. Washburn, our candidate for congress, and S. P. Chase, U. S. senator from Ohio, are to be in Madison, next Wednesday, and attend the republican county convention then to be held. Each will address the people. We do not know whether arrangements have been made to procure their attendance here on Thursday, at the convention to be held that day. If no such arrangements have been made, they ought to be at once.

A REVELATION.—For a week or two the following letters have been going the rounds of our exchanges, being originally published by the Columbus Journal. As there has been no denial of their genuineness, and they have somehow come to the public, we publish them for the information of our readers:

[No. 1.] * * * WASHINGTON, March 4, 1854. "I admit that the Nebraska bill is an unfortunate affair for the democracy of the north. It may be changed so that I can vote for it."

[No. 2.] * * * WASHINGTON, May 27, 1854. "It is now morally certain that the Nebraska bill will pass. I am in a position to ask favor for a friend. How would you like a judgeship? This is a private matter between you and I, and no one need be the wiser."

Mr. Olds was a highly useful fellow on the bill on its passage through the house of representatives, occupying the chair when it was considered in committee of the whole. The letter No. 2, reveals the way in which one member at least was converted from an enemy to a friend, and confirms a prevalent belief as to the manner in which the general sentiment of the country was outraged and the venality of congressmen made subservient to the ambitious projects of presidential aspirants.

Such a record as this of Dr. Olds is a better revelation of the character of the Nebraska bill than the speeches of Douglas or the "popular sovereignty" sophisms of his friends. The bill was bought through congress, and many of its defenders before the people are bought stipendiaries of the administration.

The assessed valuation of Kenosha county was \$1,444,748, and was "equalized" up by the state board about one-third. The ratio of state tax on the assessment is 54 mills, and the amount to be raised is \$7,676,52.

Dr. Nichols, one of the Polk and Dallas electors, is on the democratic committee for Green county. A convention to nominate a county ticket is called on Saturday the 21st inst.

The following are the resolutions of the Milwaukee convention, which nominated Mr. Wells for congress. They are very properly characterized by a correspondent of the Wisconsin, who says they "express nothing."

Resolved, That we regard slavery as an evil, whose extension should be checked by all constitutional means.

Resolved, That we regard popular sovereignty as the fundamental principle of the republic, as a great democratic principle, and the only true basis upon which the best interests of freedom can be secured constitutionally and permanently.

Resolved, That the democratic party know no north and no south but the union, its birthplace and no particular religion, but the man; and that every attempt to disfranchise a part of the people on account of their birth or religious opinions, will meet the universal condemnation of the democracy, as such an illiberal, unconstitutional, anti-American and anti-democratic movement justly deserves.

Resolved, That we regard the public lands as the national domain, to be for no speculative purposes, but reserved for the access of the people for occupancy and cultivation.

INTERESTING.—The Chicago Tribune of yesterday morning came to us with the inside blank. This mode of printing shows the quality of the white paper, but is not very useful in imparting other information. We supposed we should get the locofoco nomination for congress in the Chicago district by this number of the Tribune, but must now wait and look elsewhere.

The National Era well says that should Kansas become a free state, through the influence of free emigration, it can be attributed to the Nebraska bill with as much propriety as the independence of these states can be to the stamp act, tea tax, and Boston port bill.

HARPER'S NEW MONTHLY MAGAZINE for October is received at Sutherland's. Some of the most interesting periods in the life of Napoleon Bonaparte are illustrated in his leading article, by Abbott. The Newcomes, by Thackeray, and a great variety of other sterling articles grace its pages. There is no magazine published that has more admirers than Harper's.

The democrats of the town of Green Bay, at their late caucus resolved against the word "nothing," "as the greatest enemies of our freedom, happiness and brotherly love," and that they would never vote "for any who has a shadow of know nothingism." This is following up the lead of the administration at Washington. That delectable concern having used itself up and broken down the democratic party, now proposes a fight with a new comer into the political arena. It reasonably concludes it can lose nothing in any contingency, and in a battle with the "nothings" contends with something bearing the name of which itself is the substance.

ERIE AND KALAMAZOO RAILROAD BANK.—We learn that day before yesterday a telegraphic despatch was received in Milwaukee that this bank had been enjoined, though by whom or for what cause was not stated. As a consequence of this information, its notes were yesterday refused by our banks and business men. We also learn that within the last three weeks, the bank has redeemed over \$300,000 of its issues, and thus far had manifested both a disposition and ability to redeem its obligations to the people. Under these circumstances, bill holders had better wait further information before sacrificing the bills in their possession.

CORRECTION.—An error was made in the call of the whig county convention as to the hour of meeting, which until now has escaped our notice. The time of meeting should have been 1 o'clock, P. M.

The new stock of goods now arriving for S. C. Spaulding is the largest and best ever received by him, and really it is a most creditable evidence of the business of the town.—Such goods as he has for some years brought here would not of course have been purchased if he did not sell them, and the fact that he constantly enlarges his stock and adds a richer style and better quality of articles, shows the increased demand in his trade. And what is better is that no one is more worthy of prosperity than Mr. Spaulding.

A telegraphic despatch from New York, dated the 5th, says: Know Nothing Convention.—A body of 700 delegates, said to be know nothings, assembled in Odd Fellows hall yesterday. The convention is a secret one and sits with closed doors.

The Post of this afternoon states that all the candidates for governor are objectionable to the know nothings.

Merchandise for Janesville arrived in Milwaukee on the 3d inst., for P. W. Dickoy, Cooley & Babcock, Conrad & Co., V. Jounan-neau, McKoy & Bro., and Farwell & Bro.

A KNOW-NOTHING TICKET.—The conductor's return ticket on the railroad from the state fair Thursday night was a blank piece of white paper. Common report makes this kind of paper notify a meeting of the order of know-nothings. Whether or no the invisible fraternity were in session, we can't tell, but the tickets "passed."

New Post Office.—A new post office has been established at Dayton, Green Co., and James Harvey is appointed post master.

George B. Elly lectures Monday evening before the Collegiate Institute. Subject "The true source of the beautiful."

The Kenosha Telegraph says that it is informed that a man was literally devoured by hogsnear that city while lying in the road, in a state of beastly intoxication. His bones and a few remnants of clothing, only were found.—What a terrible commentary upon drunkenness.

Samuel G. Abbott and William Reese are republican assembly candidates for Dane county.

ATTACK ON SEBASTOPOL.—A magnificent scene is about to be enacted, such as has never been exhibited in modern warfare. The siege of Sebastopol has by this time commenced. Seventy-four thousand men are drawn up before the fortress, the flower of the English, the French and the Turkish army, combining martial strength, and provided with warlike material, such as was never concentrated upon a single stronghold. The defensive force of the fortress amounts to at least as many men, reckoning both the garrison and the army in the field, and is so situated that reinforcements may easily be thrown upon it from different quarters. It seems to have been generally anticipated that the landing of the troops would take place about the 10th of the present month, and that it would be followed by a sharp battle. The troops, of course, would land under cover of the guns of the men-of-war, which include not less than thirty ships-of-the-line and sixty steam-fighters.—The ships would also be engaged at the same time in preventing the Russian men-of-war from leaving the harbor. The allied troops are inspired with the greatest ardor, and are represented to be in excellent health. They accomplished the difficult operation of embarking with great success, and it is very evident that if the expedition does not succeed, it will not be owing to any want of spirit on the part of the soldiers. The only positive disadvantage the allied forces labor under is the lateness of the season. The time for active operations before the closing in of winter will be so short that there can be little hope of any decisive result except by a coup de main; and the success of this mode of attack can never be calculated upon with any certainty. The ships will not be able to approach the fortress near enough to take any effective part in the attack, and therefore the operations of the land forces will hereafter govern our interest. The inhabitants of the Crimea are chiefly of Tartar origin, and the peninsula was acquired by conquest from Turkey, and will not lend Russia any effective aid.

If Sebastopol is taken, one of the most important of the conditions of peace named by the allies will have been secured—the opening of the Black sea to the commerce of the world.—for with Sebastopol will fall the only real key of the Euxine. It is with this consideration that the allies have resolved to concentrate upon it all their available force, and to stake the result of the present campaign upon the issue of an attack. There is yet not the least indication of a yielding spirit upon the part of the czar. The order of the day is to hold the fortress, and upon this some half dozen men were at work with crow-bar and pickaxe, leveling it to the ground. All, therefore, that remains of the old homestead of the statesman is a pile of bricks and rubbish. We were told that the present proprietor of the estate—a son of Henry Clay—is about to erect on the site of the old dwelling a new edifice of its exact form and character."

The electors of Rock county who are determined to support no man for office who is not positively and fully committed to the support of the principles announced in the "Republican Platform" adopted at Madison on the 12th of July last, and whose personal character, political associations and private conduct, do not afford a guarantee that he is reliable, are invited to meet in their respective townships or wards at the place of holding the last township or ward election, on Tuesday, 10th day of October next, at 2 o'clock P. M. for the purpose of electing a thorough organization of the Republican party in their towns or wards, and of appointing delegates to a county convention hereby called at the Court House in Janesville, on THURSDAY, the 12th day of October next, at 2 o'clock P. 17th SENATORIAL DISTRICT CONVENTION.

At the same time and place above designated in the respective towns and wards for meetings, to choose delegates to the county convention, the Republican electors of the wards of the City of Janesville, and of the towns in this county comprised in the 17th senatorial district, are requested to select an equal number of delegates to which they are entitled under the above appointment in the county convention, to represent them in a senatorial convention hereby called at the Court House in Janesville, on THURSDAY the 12th day of October next at 11 o'clock, A. M., to nominate a candidate for senator.

By order of the County Committee.

Rock County Whig Convention.

The whigs of Rock county who are willing to be known as men who have not lost their identity with the party, (as their personal character, political associations and private conduct, being vouched for, insures) as they are whigs) are requested to meet at their respective places of holding their elections, on Tuesday, Oct. 10th inst., at 2 o'clock P. M. for the purpose of appointing delegates to above called convention, hereby called at the Court House in Janesville, the 12th day of Oct. inst. at 1 o'clock P. M., to nominate a whig county ticket.

By order of the County Committee.

Assembly Convention—1st District.

The Republicans of the Assembly District composed of the towns of Spring Valley, Newark, Avon, Magnolia, Plymouth, Union and Porter, are requested to meet in their respective towns on the 10th inst., and appoint the usual number of delegates to a convention to meet at the school house at SPRING VALLEY CORNERS, on SATURDAY, the 29th inst., at 1 o'clock P. M. to nominate a candidate for the Assembly.

E. C. SMITH, S. W. ABBOTT, JOHN HOWE, Committee.

Oct. 4th, 1854.

Mr. Washburn, our candidate for congress, and S. P. Chase, U. S. senator from Ohio, are to be in Madison, next Wednesday, and attend the republican county convention then to be held. Each will address the people. We do not know whether arrangements have been made to procure their attendance here on Thursday, at the convention to be held that day. If no such arrangements have been made, they ought to be at once.

A REVELATION.—For a week or two the following letters have been going the rounds of our exchanges, being originally published by the Columbus Journal. As there has been no denial of their genuineness, and they have somehow come to the public, we publish them for the information of our readers:

[No. 1.] WASHINGTON, March 4, 1851.

"I admit that the Nebraska bill is an unfortunate affair for the democracy of the north. It may be changed so that I can vote for it."

E. B. OLDS.

[No. 2.] WASHINGTON, May 27, 1851.

"It is now generally certain that the Nebraska bill will pass. I am in a position to ask a favor for a friend. How would you like a judgeship? This is a private matter between you and I, and no one need be the wiser."

E. B. OLDS.

Mr. Olds was a highly useful friend of the bill on its passage through the house of representatives, occupying the chair when it was considered in committee of the whole. The letter No. 2, reveals the way in which one member at least was converted from an enemy to a friend, and confirms a prevalent belief as to the manner in which the general sentiment of the country was outraged and the venality of congressmen made subservient to the ambitious projects of presidential aspirants.

Such a record as this of Dr. Olds is a better revelation of the character of the Nebraska bill than the speeches of Douglas or the "popular sovereignty" sophisms of his friends. The bill was bought through congress, and many of its defenders before the people are bought stipendiaries of the administration.

The assessed valuation of Kenosha county was \$1,414,748, and was "equalized" up by the state board about one-third. The ratio of state tax on the assessment is 5 1/2 mills, and the amount to be raised is \$7,076,52.

Dr. Nichols, one of the Polk and Dallas electors, is on the democratic committee for Green county. A convention to nominate a county ticket is called on Saturday the 21st inst.

The following are the resolutions of the Milwaukee convention, which nominated Mr. Wells for congress. They are very properly characterized by a correspondent of the Wisconsin, who says they "express nothing."

Resolved, That we regard slavery as an evil, whose extension should be checked by all constitutional means.

Resolved, That we regard popular sovereignty as the fundamental principle of the republic, as a great democratic principle, and the only true basis upon which the best interests of freedom can be secured constitutionally and permanently.

Resolved, That the democratic party know no north and no south but the union, no birthplace and no particular religion, but the man; and that every attempt to dishonor a part of the people on account of their birth or religious opinions, will meet the universal condemnation of the democracy, as such an illiberal, unconstitutional, anti-American and anti-democratic movement justly deserves.

Resolved, That we regard the public lands as the national domain, to be for no speculative purposes, but reserved for the needs of the people for occupancy and cultivation.

INTERESTING.—The Chicago Tribune of yesterday morning came to us with the inside blank. This mode of printing shows the quality of the white paper, but is not very useful in imparting other information. We supposed we should get the local nomination for congress in the Chicago district by this number of the Tribune, but must now wait and look elsewhere.

THE NATIONAL ENEMY well says that should Kansas become a free state, through the influence of free emigration, it can be attributed to the Nebraska bill with as much propriety as the independence of these states can be to the stamp act, ten tax, and Boston port bill.

HARPER'S NEW MONTHLY MAGAZINE for October is received at Sutherland's. Some of the most interesting periods in the life of Napoleon Bonaparte are illustrated in its leading article, by Abbott. The Newcomes, by Thackeray, and a great variety of other sterling articles grace its pages. There is no magazine published that has more admirers than Harper's.

The democrats of the town of Green Bay, at their late caucus resolved against the know nothings, "as the greatest enemies of our freedom, happiness and brotherly love," and that they would never vote "for any who has a shadow of know nothingism." This is following up the lead of the administration at Washington. That delectable concern having used itself up and broken down the democratic party, now proposes a fight with a new comer into the political arena. It reasonably concludes it can lose nothing in any contingency, and in a battle with the "nothings" contends with something bearing the name of which itself is the substance.

ERIE AND KALAMAZOO RAILROAD BANK.—We learn that day before yesterday a telegraphic despatch was received in Milwaukee that this bank had been enjoined, though by whom or for what cause was not stated. As a consequence of this information, its notes were yesterday refused by our banks and business men. We also learn that within the last three weeks, the bank has redeemed over \$300,000 of its issues, and thus far had manifested both a disposition and ability to redeem its obligations to the people. Under these circumstances, bill holders had better wait further information before sacrificing the bills in their possession.

CORRECTION.—An error was made in the call of the whig county convention as to the hour of meeting, which until now has escaped our notice. The time of meeting should have been 1 o'clock, P. M.

THE NEW STOCK OF GOODS now arriving for S. C. Spaulding is the largest and best ever received by him, and really it is a most creditable evidence of the business of the town.—Such goods as he has for some years brought here would not of course have been purchased if he did not sell them, and the fact that he constantly enlarges his stock and adds a richer style and better quality of articles, shows the increased demand in his trade. And what is better is that no one is more worthy of prosperity than Mr. Spaulding.

A TELEGRAPHIC DISPATCH from New York, dated the 6th, says:

KNOW NOTHING CONVENTION.—A body of 700 delegates, said to be know nothings, assembled in Odd Fellows hall yesterday. The convention is a secret one and sits with closed doors.

The Post of this afternoon states that all the candidates for governor are objectionable to the know nothings.

Merchandise for Janesville arrived in Milwaukee on the 3d inst., for P. W. Dickey, Cooley & Babcock, Conrad & Co., V. Jeanneault, McKee & Bro., and Farwell & Bro.

A KNOW-NOTHING TICKET.—The conductor's return ticket on the railroad from the state fair Thursday night was a blank piece of white paper. Common report makes this kind of paper notify a meeting of the order of know-nothings. Whether or no the invisible fraternity were in session, we can't tell, but the tickets "passed."

NEW POST OFFICE.—A new post office has been established at Dayton, Green Co., and James Harvey is appointed post master.

ATTACK ON SEBASTOPOL.—A magnificent scene is about to be enacted, such as has never been exhibited in modern warfare. The siege of Sebastopol has by this time commenced. Seventy-four thousand men are drawn up before the fortress, the flower of the English, French and Turkish army, combining martial strength, and provided with warlike material, such as was never concentrated upon a single stronghold. The defensive force of the fortress amounts to at least as many men, reckoning both the garrison and the army in the field, and is so situated that reinforcements may easily be thrown upon it from different quarters. It seems to have been generally anticipated that the landing of the troops would take place about the 10th of the present month, and that it would be followed by a sharp battle. The troops, of course, would land under cover of the guns of the men-of-war, which include not less than thirty ships-of-the-line and sixty steam frigates. The ships would also be engaged at the same time in preventing the Russian men-of-war from leaving the harbor. The allied troops are inspired with the greatest ardor, and are represented to be in excellent health. They accomplished the difficult operation of embarking with great success, and it is very evident that the expedition does not succeed, it will not be owing to any want of spirit on the part of the allies. The only positive disadvantage the allied forces labor under is the lateness of the season. The time for active operations before the closing in of winter will be so short that there can be little hope of any decisive result except by a coup de main; and the success of this mode of attack can never be calculated upon with any certainty. The ships will not be able to approach the fortress near enough to take any effective part in the attack, and therefore the operations of the land forces will hereafter engross our interest. The inhabitants of the Crimea are chiefly of Tartar origin, and the peninsula was acquired by conquest from Turkey, and will not lend Russia any effective aid.

If Sebastopol is taken, one of the most important of the conditions of peace named by the allies will have been secured—the opening of the Black sea to the commerce of the world—for with Sebastopol will fall the only real key to the Lixine. It is with this consideration that the allies have resolved to concentrate upon it all their available force, and to stake the result of the present campaign upon the issue of an attack. There is yet not the least indication of the following the Russian part of the war. The order to reduce Odessa as a bribe rather than to let it fall into the hands of the enemy, shows a determination to maintain the struggle at every cost. But on the other hand, there is only more closely cementing the alliance between England and France. The late meeting between prince Albert and Napoleon at Boulogne, showed a mutual cordiality of feeling strikingly significant of the cordiale entente between the two leading nations of Europe.—The war will move on, and with far greater energy than ever. Happy indeed is our republic that it is a spectator and not an actor.—*Cour. & Enquirer.*

THE ORIGIN OF THE NEBRASKA BILL REPEALING THE MISSOURI COMPROMISE.—We are informed by a gentleman from Platte that Davy Atchison has been on a "bust," and made a speech in which he gave a history of the origin of the Nebraska swindle, by which the Missouri compromise was repealed. He claimed it as his own work, and said that Douglas did not originate it—that as soon as he reached Washington at the commencement of the last session of congress he determined to have the Missouri compromise repealed, and that he told Mr. Douglas he must bring in a bill to repeal it, or else resign his position at the head of the committee on territories, and that he (Atchison) would resign his place as president of the senate and have himself placed on the committee of territories for the purpose of reporting such a bill as he desired. He said further, that Mr. Douglas requested to be allowed a short time to reflect upon the subject, and that at the end of the time Douglas consented to report the bill—but that when he made his report it was not satisfactory because the Missouri compromise was not repealed in direct terms, but only constructively repealed, and that he insisted upon having the repeal made direct and unequivocal, which was done—"in vino est veritas."—*Missouri Democrat.*

N. Y. POLITICS.—The state central committee of the N. Y. "hards," met at Albany, on Thursday evening last. They agreed on an address, and committees to organize the various counties, and adjourned.

No proposal for a fusion was received from the "softs," whose central committee was in session when the "hards" adjourned.

The soft committee waited on Governor Seymour.

He said, that in view of the character of the whig nomination, he would withdraw his declaration.

Waiving all personal considerations, he accepted the issue tendered by our opponents.

He submits the question to the people.—Nothing else has been made public.—*Free Democrat.*

JUDAS TRUTHFUL.—A Springfield paper says: "The speech of Judge Trumbull, at Belleville, has come upon the faithful here like a clap of thunder in a clear sky." What! Trumbull, the distinguished democrat, orator and Illinois taker anti-Nebraska ground, and hurling truth, argument and defiance in the teeth of Senator Douglas? This news reached the city three hours before the arrival of Senator Douglas, and threw a damper, seen and felt, on all his friends. The Germans in his Chair—who love freedom, and have left Europe and despotism to enjoy and assist in sustaining the rights of man here—are all with Trumbull—all, to a man; and St. Clair will show her 3,000 majority for the man who carries the anti-Nebraska standard in that district in the present campaign. There is no salvation for Nebraskaism in Bissell's district now. The story is told!

MEMORANDA FOR CAREFUL WRITERS.—Always spell Kansas with a z, and Minnesota with a double n. Cincinnati has only one t. Never spell Santa Ana with more than one n in the last name. Do not make a mistake in spelling bouquet and sobriquet. Recollect that employe has but one e at the end, and that be accented, unless you mean an employed woman, when it should be spelled with a double e, the first one accented. Never call a social party in the evening a levee, for the essence of that word is something that takes place in the morning, it being the correlative term to soiree. Never write depot, when you mean railroad station.—Never say east when you mean west, nor leeward when you mean windward. The best way to avoid many inaccuracies, is one that has many other advantages, viz: never to use a foreign word when there is a good English one that will express your idea; and among English words those of Saxon origin are often better than Latin, Greek, or French.—*Baltimore Advertiser.*

The fair grounds are thronged to-day, and the show of live-stock is remarkably fine. There is also a good display of agricultural implements, of cutlery and cabinet ware. We have not time to enumerate the various articles, but we advise everybody to attend and examine for himself. The military are out in their glory, and will parade for public inspection at 2 o'clock this afternoon. The weather is propitious, everybody is good-natured, and all seem disposed to improve the exhibition to the best purpose.—*Free Dem.*

The eighth political party in the state of New York has held its convention. The liberty party, under the head of Gerrit Smith nominated on Thursday, William Goodell of New York for governor, Austin Ward, of Oneida, lieutenant governor; John C. Harrington, of Oswego, for canal commissioner, and Wm. Sharpscope, prison inspector.

ASHLAND.—A writer in the Cincinnati Gazette speaks of a visit to what was once the residence of the great Clay:

"We were not prepared to find the dwelling totally demolished; but all that remained of it was a part of a brick wall, which had once served to divide the parlor from the library, and upon this some half dozen men were at work with crow-bar and pickaxe, leveling it to the ground. All, therefore, that remains of the old homestead of the statesman is a pile of bricks and rubbish. We were told that the present proprietor of the estate—a son of Henry Clay—is about to erect on the site of the old dwelling a new edifice of its exact form and character."

At the same time and place above designated in the respective towns and wards for meetings, to choose delegates to the county convention, the Republican electors of the wards of the City of Janesville, and of the towns in this county comprised in the 17th senatorial district, are requested to select an equal number of delegates to which they are entitled under the above appointment in the county convention, to represent them in a senatorial convention hereby called at the Court House in Janesville, on THURSDAY the 12th day of October next at 11 o'clock, A. By order of the County Committee.

The whigs of Rock county who are willing to be known as men who have not lost their identity with the party, (as their personal character, political associations and private conduct, being vouched for, insures) as they are whigs) are requested to meet at their respective places of holding their elections, on Tuesday, Oct. 10th inst., at 2 o'clock P. M. for the purpose of appointing delegates to above called convention, hereby called at the Court House in Janesville, the 12th day of Oct. inst. at 1 o'clock P. E. C. SMITH,
S. W. ABBOTT,
JOHN HOWE, Committee.

Oct. 4th, 1854.

Mr. Washburn, our candidate for congress, and S. P. Chase, U. S. senator from Ohio, are to be in Madison, next Wednesday, and attend the republican county convention then to be held. Each will address the people. We do not know whether arrangements have been made to procure their attendance here on Thursday, at the convention to be held that day. If no such arrangements have been made, they ought to be at once.

A REVELATION.—For a week or two the following letters have been going the rounds of our exchanges, being originally published by the Columbus Journal. As there has been no denial of their genuineness, and they have somehow come to the public, we publish them for the information of our readers:

[No. 1.] WASHINGTON, March 4, 1851.

"I admit that the Nebraska bill is an unfortunate affair for the democracy of the north. It may be changed so that I can vote for it."

E. B. OLDS.

[No. 2.] WASHINGTON, May 27, 1851.

"It is now morally certain that the Nebraska bill will pass. I am in a position to ask a favor for a friend. How would you like a judgeship? This is a private matter between you and I, and no one need be the wiser."

E. B. OLDS.

Mr. Olds was a highly useful friend of the bill on its passage through the house of representatives, occupying the chair when it was considered in committee of the whole. The letter No. 2, reveals the way in which one member at least was converted from an enemy to a friend, and confirms a prevalent belief as to the manner in which the general sentiment of the country was outraged and the venality of congressmen made subservient to the ambitious projects of presidential aspirants.

Such a record as this of Dr. Olds is a better revelation of the character of the Nebraska bill than the speeches of Douglas or the "popular sovereignty" sophisms of his friends. The bill was bought through congress, and many of its defenders before the people are bought stipendiaries of the administration.

The assessed valuation of Kenosha county was \$1,414,748, and was "equalized" up by the state board about one-third. The ratio of state tax on the assessment is 5 1/2 mills, and the amount to be raised is \$7,076,52.

Dr. Nichols, one of the Polk and Dallas electors, is on the democratic committee for Green county. A convention to nominate a county ticket is called on Saturday the 21st inst.

The following are the resolutions of the Milwaukee convention, which nominated Mr. Wells for congress. They are very properly characterized by a correspondent of the Wisconsin, who says they "express nothing."

Resolved, That we regard slavery as an evil, whose extension should be checked by all constitutional means.

Resolved, That we regard popular sovereignty as the fundamental principle of the republic, as a great democratic principle, and the only true basis upon which the best interests of freedom can be secured constitutionally and permanently.

Resolved, That the democratic party know no north and no south but the union, no birthplace and no particular religion, but the man; and that every attempt to dishonor a part of the people on account of their birth or religious opinions, will meet the universal condemnation of the democracy, as such an illiberal, unconstitutional, anti-American and anti-democratic movement justly deserves.

Resolved, That we regard the public lands as the national domain, to be for no speculative purposes, but reserved for the needs of the people for occupancy and cultivation.

INTERESTING.—The Chicago Tribune of yesterday morning came to us with the inside blank. This mode of printing shows the quality of the white paper, but is not very useful in imparting other information. We supposed we should get the local nomination for congress in the Chicago district by this number of the Tribune, but must now wait and look elsewhere.

The National Enquirer says that should Kansas become a free state, through the influence of free emigration, it can be attributed to the Nebraska bill with as much propriety as the independence of these states can be to the stamp act, ten tax, and Boston port bill.

HARPER'S NEW MONTHLY MAGAZINE for October is received at Sutherland's. Some of the most interesting periods in the life of Napoleon Bonaparte are illustrated in its leading article, by Abbott. The Newcomes, by Thackeray, and a great variety of other sterling articles grace its pages. There is no magazine published that has more admirers than Harper's.

The democrats of the town of Green Bay, at their late caucus resolved against the know nothings, "as the greatest enemies of our freedom, happiness and brotherly love," and that they would never vote "for any who has a shadow of know nothingism." This is following up the lead of the administration at Washington. That delectable concern having used itself up and broken down the democratic party, now proposes a fight with a new comer into the political arena. It reasonably concludes it can lose nothing in any contingency, and in a battle with the "nothings" contends with something bearing the name of which itself is the substance.

ERIE AND KALAMAZOO RAILROAD BANK.—We learn that day before yesterday a telegraphic despatch was received in Milwaukee that this bank had been enjoined, though by whom or for what cause was not stated. As a consequence of this information, its notes were yesterday refused by our banks and business men. We also learn that within the last three weeks, the bank has redeemed over \$300,000 of its issues, and thus far had manifested both a disposition and ability to redeem its obligations to the people. Under these circumstances, bill holders had better wait further information before sacrificing the bills in their possession.

CORRECTION.—An error was made in the call of the whig county convention as to the hour of meeting, which until now has escaped our notice. The time of meeting should have been 1 o'clock, P. M.

The new stock of goods now arriving for S. C. Spaulding is the largest and best ever received by him, and really it is a most creditable evidence of the business of the town.

Such goods as he has for some years brought here would not of course have been purchased if he did not sell them, and the fact that he constantly enlarges his stock and adds a richer style and better quality of articles, shows the increased demand in his trade. And what is better is that no one is more worthy of prosperity than Mr. Spaulding.

A telegraphic despatch from New York, dated the 6th, says:

KNOW NOTHING CONVENTION.—A body of 700 delegates, said to be know nothings, assembled in Odd Fellows hall yesterday. The convention is a secret one and sits with closed doors.

The Post of this afternoon states that all the candidates for governor are objectionable to the know nothings.

Merchandise for Janesville arrived in Milwaukee on the 3d inst., for P. W. Dickey, Cooley & Babcock, Conrad & Co., V. Jeanneault, McKee & Bro., and Farwell & Bro.

A KNOW-NOTHING TICKET.—The conductor's return ticket on the railroad from the state fair Thursday night was a blank piece of white paper. Common report makes this kind of paper notify a meeting of the order of know-nothings. Whether or no the invisible fraternity were in session, we can't tell, but the tickets "passed."

NEW POST OFFICE.—A new post office has been established at Dayton, Green Co., and James Harvey is appointed post master.

George B. Ely, lectures Monday evening before the College Institute. Subject: "The true source of the beautiful."

ATTACK ON SEBASTOPOL.—A magnificent scene is about to be enacted, such as has never been exhibited in modern warfare. The siege of Sebastopol has by this time commenced. Seventy-four thousand men are drawn up before the fortress, the flower of the English, French and Turkish army, combining martial strength, and provided with warlike material, such as was never concentrated upon a single stronghold. The defensive force of the fortress amounts to at least as many men, reckoning both the garrison and the army in the field, and is so situated that reinforcements may easily be thrown upon it from different quarters. It seems to have been generally anticipated that the landing of the troops would take place about the 10th of the present month, and that it would be followed by a sharp battle. The troops, of course, would land under cover of the guns of the men-of-war, which include not less than thirty ships-of-the-line and sixty steam frigates. The ships would also be engaged at the same time in preventing the Russian men-of-war from leaving the harbor. The allied troops are inspired with the greatest ardor, and are represented to be in excellent health. They accomplished the difficult operation of embarking with great success, and it is very evident that the expedition does not succeed, it will not be owing to any want of spirit on the part of the allies. The only positive disadvantage the allied forces labor under is the lateness of the season. The time for active operations before the closing in of winter will be so short that there can be little hope of any decisive result except by a coup de main; and the success of this mode of attack can never be calculated upon with any certainty. The ships will not be able to approach the fortress near enough to take any effective part in the attack, and therefore the operations of the land forces will hereafter engross our interest. The inhabitants of the Crimea are chiefly of Tartar origin, and the peninsula was acquired by conquest from Turkey, and will not lend Russia any effective aid.

If Sebastopol is taken, one of the most important of the conditions of peace named by the allies will have been secured—the opening of the Black sea to the commerce of the world—for with Sebastopol will fall the only real key to the Lixine. It is with this consideration that the allies have resolved to concentrate upon it all their available force, and to stake the result of the present campaign upon the issue of an attack. There is yet not the least indication of the following the Russian plan of the war. The order to reduce Odessa as a first step, and then to let it fall into the hands of the enemy, shows a determination to maintain the struggle at every cost. But on the other hand, there is only more closely cementing the alliance between England and France. The late meeting between prince Albert and Napoleon at Boulogne, showed a mutual cordiality of feeling strikingly significant of the cordiale entente between the two leading nations of Europe.—The war will move on, and with far greater energy than ever. Happy indeed is our republic that it is a spectator and not an actor.—*Cour. & Enquirer.*

THE ORIGIN OF THE NEBRASKA BILL REPEALING THE MISSOURI COMPROMISE.—We are informed by a gentleman from Platte that Davy Atchison has been on a "bust," and made a speech in which he gave a history of the origin of the Nebraska swindle, by which the Missouri compromise was repealed. He claimed it as his own work, and said that Douglas did not originate it—that as soon as he reached Washington at the commencement of the last session of congress he determined to have the Missouri compromise repealed, and that he told Mr. Douglas he must bring in a bill to repeal it, or else resign his position at the head of the committee on territories, and that he (Atchison) would resign his place as president of the senate and have himself placed on the committee of territories for the purpose of reporting such a bill as he desired. He said further, that Mr. Douglas requested to be allowed a short time to reflect upon the subject, and that at the end of the time Douglas consented to report the bill—but that when he made his report it was not satisfactory because the Missouri compromise was not repealed in direct terms, but only constructively repealed, and that he insisted upon having the repeal made direct and unequivocal, which was done—"in vino est veritas."—*Missouri Democrat.*

N. Y. POLITICS.—The state central committee of the N. Y. "hards," met at Albany, on Thursday evening last. They agreed on an address, and committees to organize the various counties, and adjourned.

No proposal for a fusion was received from the "softs," whose central committee was in session when the "hards" adjourned.

The soft committee waited on Governor Seymour.

He said, that in view of the character of the whig nomination, he would withdraw his declaration.

Waiving all personal considerations, he accepted the issue tendered by our opponents.

He submits the question to the people.—Nothing else has been made public.—*Free Democrat.*

JUDAS TRUTHFUL.—A Springfield paper says: "The speech of Judge Trumbull, at Belleville, has come upon the faithful here like a clap of thunder in a clear sky." What! Trumbull, the distinguished democrat, or southern Illinois, taking anti-Nebraska ground, and hurling truth, argument and defiance in the teeth of Senator Douglas? This news reached the city three hours before the arrival of Senator Douglas, and threw a damper, seen and felt, on all his friends.

He was the death-blow to his hopes in Illinois' district. The Germans in St. Clair—who love freedom, and have left Europe and despotism to enjoy and assist in sustaining the rights of man here—are all with Trumbull—all, to a man; and St. Clair will show her 3,000 majority for the man who carries the anti-Nebraska standard in that district in the present campaign. There is no salvation for Nebraskaism in Illinois' district now. The story is told!

ILLUSTRATIONS OF GREAT MEN.—Spinnello, who had painted the fall of the angels, thought that he was haunted by the frightful devils he had depicted. He was rendered so miserable by this hallucination, that he destroyed himself. One of our own artists, who was much engaged in painting caricatures, became haunted by the distorted faces he drew; and the deep melancholy and terror which accompanied these apparitions, caused him to commit suicide. Miller, who executed the copper-plate of the sixteenth Madonna, had more lovely visions. Towards the close of his life, the virgin appeared to him, and thanking him for the affection he had shown towards her, invited him to follow her to heaven. To achieve this, the artist starved himself to death. Beethoven, who became completely deaf in the decline of life, often heard his sublime compositions performed distinctly. It is related of Ben Jonson, that he spent the whole of one night in regarding his great toe, around which he saw Tarsus, Turks, Romans and Catholics, climbing up and fighting. Goethe, when out riding one day, was surprised to see an exact image of himself on horseback, dressed in a light colored coat, riding towards him.—*Rail-cliff's Ghosts, Spirits and Witches.*

MEMORANDA FOR CAREFUL WRITERS.—Always spell Kansas with a z, and Minnesota with a double n. Cincinnati has only one t. Never spell Santa Ana with more than one n in the last name. Do not make a mistake in spelling bouquet and sobriquet. Recollect that employe has but one e at the end, and that be accented, unless you mean an employed woman, when it should be spelled with a double e, the first one accented. Never call a social party in the evening a levee, for the essence of that word is something that takes place in the morning, it being the correlative term to soiree. Never write depot, when you mean railroad station.—Never say east when you mean west, nor leeward when you mean windward. The best way to avoid many inaccuracies, is one that has many other advantages, viz: never to use a foreign word when there is a good English one that will express your idea; and among English words those of Saxon origin are often better than Latin, Greek, or French.—*Baltimore Advertiser.*

The fair grounds are thronged to-day, and the show of live-stock is remarkably fine. There is also a good display of agricultural implements, of cutlery and cabinet ware. We have not time to enumerate the various articles, but we advise everybody to attend and examine for himself. The military are out in their glory, and will parade for public inspection at 2 o'clock this afternoon. The weather is propitious, everybody is good-natured, and all seem disposed to improve the exhibition to the best purpose.—*Free Dem.*

The eighth political party in the state of New York has held its convention. The liberty party, under the head of Gerrit Smith nominated on Thursday, William Goodell of New York for governor, Austin Ward, of Oneida, lieutenant governor; John C. Harrington, of Oswego, for canal commissioner, and Wm. Sharpscope, prison inspector.

ASHLAND.—A writer in the Cincinnati Gazette speaks of a visit to what was once the residence of the great Clay:

"We were not prepared to find the dwelling totally demolished; but all that remained of it was a part of a brick wall, which had once served to divide the parlor from the library, and upon this some half dozen men were at work with crow-bar and pickaxe, leveling it to the ground. All, therefore, that remains of the old homestead of the statesman is a pile of bricks and rubbish. We were told that the present proprietor of the estate—a son of Henry Clay—is about to erect on the site of the old dwelling a new edifice of its exact form and character."
